Transport ● 15-minute walk from Funabori (Shinjuku line). 13-minute walk from Nishi-Kasai (Tozai line).
 Toll parking facilities available (24 hours).

Situated at the southeast part of Edogawa Ward, Ukita Park is a wide space full of flowers and rich in greenery. It was planned and established as a place to enjoy various kinds of recreation from sports to nature watching.

The park also has a full range of disaster prevention facilities such as a disaster well. Furthermore, it can be used as an evacuation center case of disaster.

Edogawa Ward Gyosen Park, adjacent to Ukita Park, has an animal park, Japanese garden, fishing pond, playground, and other facilities. The two parks together provide a venue for all sorts of fun activities.

Opened	April 1, 2002
Area	59,812.58 m ²
Trees	Tall trees: 470, shrubs: 19,400
Main plants	Ginkgo
Facilities	Flower promenade, youth baseball field (1 youth baseball diamond), flower and grass field (symbol trees: 4 large ginkgo trees), garden park, playground (gateball court, disaster-ready rest area, 6 cooking space benches), garden road, sports field (2 youth baseball diamonds), family field (24 disaster makeshift toilets, disaster well), east entrance plaza (disaster-ready toilets, disaster-ready rest area, 8 cooking space benches), west entrance plaza, No. 1, No. 2 parking lots (disaster-ready toilets, 24 disaster makeshift toilets in No. 2 parking lot)

Seasonal flowers ● The park features a flowering grass field and garden park where local residents help raise flower beds. Thanks to the cooperation of volunteer park workers, visitors are able to enjoy the park through flowers that reflect the color of the seasons.

Preparation for disaster

A variety of disaster prevention equipment is in place at the park as it plays a role as a regional disaster prevention center. What seems at first glance to be a manhole cover is makeshift toilet that can be covered with a simple tent to provide a necessary service.

Other facilities include a disaster well and benches that can be converted to make cooking spaces.

Family field: Disaster well and makeshift toilet

Family field ● Along with the adjacent Edogawa Ward Gyosen Park, the family field forms a space where families can enjoy the whole day at the park. It had tables and benches where you can spread out lunch and spend a relaxing time outdoors.
